NOTES:

1 One course required, 3 to 5 units. See Engineering Fundamentals list in the SoE Undergraduate Handbook.

2 Independent study projects (CS191 or 191W) require faculty sponsorship and must be approved, in advance, by the advisor, faculty sponsor, and the CSE program advisor (Bob Plummer or Patrick Young). A signed approval form, along with a brief description of the proposed project, should be filed with the department representative in Gates room 182 the quarter before work on the project is begun.

3 Students opting to take CS103X instead of CS103A and B must complete the higher number of courses.
